

STAFF SEMINAR SERIES

How Does the Planet Regulate its Albedo? Observations from Stacked UAVs

V. Ramanathan, Professor of Climate and Atmospheric Sciences; Director, Center for Clouds, Chemistry and Climate; Director, Center for Atmospheric Sciences

14 NOVEMBER 2006 • 1:30pm • VAUGHAN HALL 100

Refreshments will be served

The Seminar Series is for administrative, technical, engineering and IT staff interested in learning more about the research underway at SIO and UCSD. The seminars are non-technical, and present a broad outline of the research or project presented.

We hope that you can come to meet with your colleagues and learn more about the research underway at SIO.
